- TAGD Business meeting January 31-February 1, 2023 in Pflugerville, Texas (Canceled)
- TAGD Legislative Committee meeting February 1, 2023 in Pflugerville, Texas (Canceled)

General Business:

- Staff (Alan & John) continued identifying wells within the likely zone to be affected by the UW Brazos Valley Farm, LLC future pumping project obtaining elevation, static water level, well construction information, pump size, and GPS coordinates
- Compiled 2022 water production data from permit holders and meter readings
- Worked on producing the 2022 District Annual Report for presentation and adoption during the February 9, 2023 Regular Board meeting
- Check all registered exempt well files for transfers of ownership creating new certificates and mailing to proper owner
- Continued obtaining fall monitoring well data from existing monitoring wells in all aquifers
- Continued work identifying, incorporating, and measuring water levels in identified monitoring wells in the Carrizo, Calvert Bluff, Queen City, and Simsboro aquifers
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion notification occurred (submission of driller's log).
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database.
- Invoiced all "Permit Annual, Production Monthly, & Production Annual" permit holders for 2022 water production
- Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases.
- Continued reconciling identified wells with proper aquifer using the virtual bore tool going grid by grid through the entire district.
- Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database.
- ArcGIS map/data program updating of exempt well locations and well data.
