**General Business:**

- Billed entities reporting monthly with metered wells based on 2018 metered water production.
- Began billing Brazos River Alluvium wells based on permitted production.
- Collected water meter readings throughout the month.
- Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database.
- ArcGIS map/data program updating of exempt well locations and well data.
- Located and logged locations of new completed exempt water wells in both Brazos and Robertson counties.

- Turned in the 2019 District Management Plan for final approval by the Texas Water Development Board.
- Reconciled all wells drilled between 1-1-02 to present with existing driller's well log and entered the tracking number in the BVGCD database.
- Continued issuing Certificates of Registration to well owners with identifiable wells drilled after the statewide database system for drilling information was set up.
- Continued to expand District presence on social media platforms including Twitter and Facebook.
- New intern began working for the District 1-3-19 (Emma Leppard)
