- Teacher/school district outreach during the month to solidify to begin plans for the Robertson Water Field and Brazos County Water Field Day in May 2022

General Business:

- Met with representatives from Upwell Water, LLC November 2, 2021 to discuss the transfer of 84 exempt and non-exempt water wells resulting from a recent property purchase
- Reviewed and completed correcting (staff) all Historic Use permits issued in the Brazos River Alluvium Aquifer
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion notification occurred (submission of driller's log).
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database.
- Invoiced all "Production Monthly" permit holders for 2020 water production.
- Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases.

- Continued reconciling identified wells with proper aquifer using the virtual bore tool going grid by grid through the entire district.
- Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database.
- ArcGIS map/data program updating of exempt well locations and well data.
- Continued to expand District presence on social media platforms including Twitter and Facebook
