(f) If the place of use of the groundwater is outside the district's boundaries, please indicate here with an "X": _____

(g) Well Location:

Well Site Physical Address: See attached sheet for the 4 well locations

City: Bryan State: TX Zip: 77807

County: Brazos

Latitude: _____ Longitude: _____

Survey Name*: _____ Survey No*: _____

Abstract No*: _____

Section*: _____ Block*: _____

***Asterisk indicates "if known"**

Pursuant to District Rule 15.1 and Section 36.123, Texas Water Code, staff may enter and inspect the property for District purposes.

3. Attachments to Application

(a) For all wells drilled in the Simsboro Formation, provide the landowners name, contact information, and documentation showing clear legal authority, signed by the landowner of the real estate within the required contiguous acreage (per district Rule 7.1(c)), allowing water production from the requested well.

(b) Water Conservation Plan (Please check one):

I have attached a water conservation plan showing what conservation measures I have adopted or will adopt what conservation goals I have established, and what measures and time frames are necessary to achieve my established water conservation goals.

OR

I declare that I will comply with the District's management plan.

(c) Drought Contingency Plan (Please check one):

I have attached a drought contingency plan showing what drought conservation measures I have adopted or will adopt, what drought conservation goals I have established, and what measures and time frames are necessary to achieve my established drought contingency goals.

OR

I declare that I will comply with the District's drought contingency plan.

(d) Well Closure Plan (Please check one):

I have attached a well closure plan.

OR

I declare that I will comply with the District's well plugging guidelines and report well closure to the District.

I agree that any water withdrawn under the authority of a permit issued based upon the District's grant of this application will be put to beneficial, non-wasteful use at all times, and will not exceed the production allowance of the permit. I agree that reasonable diligence will be used to protect groundwater quality.

I agree to abide by the terms of the District Rules, the District Management Plan, and orders of the Board of Directors, as required by State law. My certification of this application does not waive my right to protest in the future proposed District actions, including proposed amendments to District Rules. However, once the District adopts Rules, Management Plans, Permits, etc., I agree to abide by those terms, as required by State law.

I hereby certify that the information contained herein is true and correct to the best of my knowledge and belief.

Signature of Applicant: *Kesha*
