

GENERAL MANAGER'S REPORT
From February 9, 2024 thru March 14, 2024

Presented March 14, 2024

Stats:

- Monthly Management Plan Update (see File Browser)
- Registered during February 2024
 - a. Exempt Registrations – Brazos (7), Robertson (12), O/G (2) Total –21
2024 Totals – Brazos (32), Robertson (18), O/G (2) Total – 52
 - b. GM Permit Applications – 0
 - c. 5-year Permit Applications – 4 (4 for 2024)
 - d. 3-year Transport Permit Applications – 0 (0 for 2024)

Requests/Complaints:

February 2024 TPIA Requests – 0

Meetings and Public Education:

- Attended (Alan) virtual TWCB Ag Conservation Grant Training February 7, 2024
- Attended (Alan) Brazos G Regional Water Planning Group meeting February 13, 2024 in Waco, Texas
- Presentation (Alan) on BRAA water levels and groundwater district update to 60 producers during the AgriLife Extension Tri-County Winter Crop meeting February 13, 2024 @ JRG office
- Met with (Alan) Vanessa Puig-Williams to discuss a possible future meeting of Brazos River stakeholders virtually on February 26, 2024
- Presentation (Alan) to Brazos County Commissioner Court for an annual report of District activities and business February 27, 2024 in Bryan, Texas
- Met (Alan) on initial virtual TAGD Groundwater Summit Planning Committee meeting February 29, 2024
- Presentation (Alan) to Robertson County Commissioner Court for an annual report of District activities and business March 5, 2024 in Franklin, Texas
- Attended (Alan) TWCA Annual Meeting March 7, 2024 in Bastrop, Texas
- Met (Alan) on initial virtual TAGD Groundwater Summit Planning Committee meeting March 14, 2024
- Model aquifer/water conservation presentation to 140 IL Texas Elementary School 4th grade students February 5-6, 2024, in College Station, Texas
- Model aquifer/water conservation presentation to 110 Greens Prairie Elementary School 4th grade students February 7, 2024, in College Station, Texas
- Model aquifer/water conservation presentation to 95 Franklin Elementary School 4th grade students February 9 & 16, 2024, in Franklin, Texas

- Model aquifer/water conservation presentation to 140 IL Texas Elementary School 5th grade students February 12, 2024, in College Station, Texas
- Model aquifer/water conservation presentation to 100 Forest Ridge Elementary School 4th grade students February 13, 2024, in College Station, Texas
- Model aquifer/water conservation presentation to 95 South Knoll Elementary School 4th grade students February 15, 2024, in College Station, Texas
- Model aquifer/water conservation presentation to 100 Southwood Valley Elementary School 4th grade students February 16, 2024, in College Station, Texas
- Model aquifer/water conservation presentation to 100 River Bend Elementary School 4th grade students February 26-27, 2024, in College Station, Texas
- Model aquifer/water conservation presentation to 60 Pebble Creek Elementary School 4th grade students February 28, 2024, in College Station, Texas
- Model aquifer/water conservation presentation to 26 Calvert Elementary School 4th & 5th grade students February 29, 2024, in Calvert, Texas
- Model aquifer/water conservation presentation to 95 Hearne Elementary School 4th & 5th grade students March 4-5, 2024, in Hearne, Texas
- Model aquifer/water conservation presentation to 120 Rock Prairie Elementary School 4th grade students March 8, 2024, in College Station, Texas

General Business:

- Worked with the new Halff database platform making expected revisions resulting from importation of data
- Sent emails and letters to permit holders highlighting the need for meter calibration during 2024
- Finalized data for update of the Well Bore tool on the District Groundwater Map
- Began collecting late-winter water level measurements in all available designated monitoring wells
- Compiled a listing of additional Simsboro wells extending to the boundaries of Robertson County to be reconciled and added to the existing mitigation list.
- Continued to measure selected Simsboro wells and obtain weekly static water level data from five (5) recorder wells
- Staff (Alan & John) continued identifying wells within the likely zone to be affected by the UW Brazos Valley Farm, LLC future pumping project obtaining elevation, static water level, well construction information, pump size, and GPS coordinates
- Continued creating, updating, and refining the well mitigation spreadsheet for wells likely impacted by the UW Brazos Valley Farm, LLC future pumping project (286 Simsboro identified to date)
- Check all registered exempt well files for transfers of ownership creating new certificates and mailing to proper owner
- Continued work identifying, incorporating, and measuring water levels in identified monitoring wells in the Carrizo, Calvert Bluff, Queen City, and Simsboro aquifers
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion

- notification occurred (submission of driller's log)
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database
 - Invoiced all "Production Monthly" permit holders for 2023 water production
 - Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases
 - Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database
 - ArcGIS map/data program updating of exempt well locations and well data

Upcoming Meetings/Activities:

- Meeting (Alan) with Dr. Joe Yelderian and students on particulars of the groundwater/surface water inaction study (District Office)
- Attend (Alan) Brazos G Regional Planning Group meeting March 27, 2024, in Waco, Texas
- Model aquifer/water conservation/watershed & water quality lab presentation to SFA & Davila 7th grade students March 18-21, 2024, in Bryan, Texas
- Model aquifer/water conservation presentation to Creekview Elementary School 4th grade students March 22, 2024, in College Station, Texas
- Model aquifer/water conservation/watershed & water quality lab presentation to Davila Middle School 7th grade students March 25-26, 2024, in Bryan, Texas
- Model aquifer/water conservation/watershed & water quality lab presentation to Mumford 7th grade students March 27-28, 2024, in Bryan, Texas
- Model aquifer/water conservation presentation to Franklin Elementary School 5th grade students April 2, 2024, in Franklin, Texas
- Model aquifer/water conservation/watershed & water quality lab presentation to Franklin 7th grade students April 3-4, 2024, in Franklin, Texas
- Model aquifer/water conservation/watershed & water quality lab presentation to Wellborn Middle School 7th grade students May 6-9, 2024, in College Station, Texas
