

**GENERAL MANAGER'S REPORT**  
**From March 15, 2024 thru April 11, 2024**

Presented April 11, 2024

Stats:

- Monthly Management Plan Update (see File Browser)
- Registered during March 2024
  - a. Exempt Registrations – Brazos (11), Robertson (14), O/G (7) Total –32  
2024 Totals – Brazos (46), Robertson (32), O/G (9) Total – 87
  - b. GM Permit Applications – 0
  - c. 5-year Permit Applications – 1 (5 for 2024)
  - d. 3-year Transport Permit Applications – 0 (0 for 2024)

Requests/Complaints:

March 2024 TPIA Requests – 2

Transport Applications Received – 7

Transport Applications Deemed Administratively Complete – 7

Meetings and Public Education:

- Attended (Alan) TWCA Legislative Committee Meeting in Austin, Texas March 20, 2024
- Attended (Alan) Brazos G Regional Water Planning Group meeting March 27, 2024 in Waco, Texas
- Attended (Alan) virtual TAGC Groundwater Summit Planning Meeting March 28 & April 14, 2024
- Presentation (Alan) on Texas Christmas Tree Growers Association Field Day April 6, 2024 in Wheelock, Texas related to groundwater conservation districts and trends in groundwater production and management
- Attended (Megan & Alan) virtual update of the Brazos Valley Runs on Water social media campaign
- Met with (Alan) Vanessa Puig-Williams to discuss a possible future meeting of Brazos River stakeholders virtually on April 9, 2024
- Model aquifer/water conservation/watershed & water quality lab presentation to 280 SFA 7th grade students March 18-21, 2024, in Bryan, Texas
- Model aquifer/water conservation presentation to 85 Creekview Elementary School 4th grade students March 22, 2024, in College Station, Texas
- Model aquifer/water conservation/watershed & water quality lab presentation to 395 Davila 7th grade students March 25-26, 2024, in Bryan, Texas
- Model aquifer/water conservation/watershed & water quality lab presentation to 40 Mumford 7th grade students March 27-28, 2024, in Bryan, Texas
- Model aquifer/water conservation presentation to 100 Franklin Elementary School 5th grade students April 2, 2024, in Franklin, Texas

- Model aquifer/water conservation/watershed & water quality lab presentation to 100 Franklin 7th grade students April 3-4, 2024, in Franklin, Texas

General Business:

- Worked with the new Halff database platform making expected revisions and additions of applications
- Finalized data for update of the Well Bore tool on the District Groundwater Map
- Completed collecting late-winter water level measurements in all available designated monitoring wells
- Compiled a listing of additional Simsboro wells extending to the boundaries of Robertson County to be reconciled and added to the existing mitigation list.
- Continued to measure selected Simsboro wells and obtain weekly static water level data from five (5) recorder wells
- Staff (Alan & John) continued identifying wells within the likely zone to be affected by the UW Brazos Valley Farm, LLC future pumping project obtaining elevation, static water level, well construction information, pump size, and GPS coordinates
- Continued creating, updating, and refining the well mitigation spreadsheet for wells likely impacted by the UW Brazos Valley Farm, LLC future pumping project (286 Simsboro identified to date)
- Check all registered exempt well files for transfers of ownership creating new certificates and mailing to proper owner
- Continued work identifying, incorporating, and measuring water levels in identified monitoring wells in the Carrizo, Calvert Bluff, Queen City, and Simsboro aquifers
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion notification occurred (submission of driller's log)
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database
- Invoiced all "Production Monthly" permit holders for 2023 water production
- Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases
- Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database
- ArcGIS map/data program updating of exempt well locations and well data

Upcoming Meetings/Activities:

- Meeting (Alan) with Dr. Joe Yelderian and students on particulars of the groundwater/surface water inaction study (District Office & field work)
- Model aquifer/water conservation/watershed & water quality lab presentation to Wellborn Middle School 7th grade students May 6-9, 2024, in College Station, Texas
- Brazos G Regional Planning meeting in Waco, Texas before the end of May 2024 (Date TBD)
- GMA 12 meeting at Post Oak Savannah GCD Office during May 2024 (Date TBD)

- District staff in the field identifying wells for mitigation throughout the remainder of the months of April & May 2024
- Collection of static water level data from Simsboro wells currently on the mitigation list
