General Business:

- Worked on (Alan/Cynthia) assisting well owners with meters to get certification of meters completed in a timely manner
- Collected Simsboro water level measurements in designated mitigation monitoring wells during to lawn & crop irrigation season

- Continued collecting static water levels on designated monitoring wells in all aquifers (Late summer/early fall)
- Continued to obtain base information on additional Simsboro wells identified within the boundaries of Robertson County and added to the existing mitigation list.
- Continued to measure selected Simsboro wells and obtain weekly static water level data from seven (7) recorder wells
- Check all registered exempt well files for transfers of ownership creating new certificates and mailing to proper owner
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion notification occurred (submission of driller's log)
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database
- Invoiced all "Production Monthly" permit holders for 2023 water production
- Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases
- Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database
- ArcGIS map/data program updating of exempt well locations and well data
- Met (Alan) numerous times with entities involved in settlement negotiations involving UWBVF, TAMUS, City of Bryan, City of College Station, and Brazos County.

Upcoming Meetings/Activities:
