- GMA 12 DFC Planning meeting – December 13, 2024, in Milano, Texas
- Met with Rep. Trey Wharton, District 12, to discuss groundwater policy January 8, 2025 in Huntsville, Texas

General Business:

- Worked on (Alan/Cynthia/John) assisting well owners with meters to get certification of meters completed in a timely manner
- Began reading meters on non-exempt wells obtaining 2024 production
- Collected Simsboro water level measurements in designated mitigation monitoring wells during to lawn & crop irrigation season
- Continued collecting static water levels on designated monitoring wells in all aquifers (Late summer/early fall)
- Continued to obtain base information on additional Simsboro wells identified within the boundaries of Robertson County and added to the existing mitigation list.
- Continued to measure selected Simsboro wells and obtain weekly static water level data from seven (7) recorder wells
- Check all registered exempt well files for transfers of ownership creating new certificates and mailing to proper owner
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion

- notification occurred (submission of driller's log)
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database
 - Invoiced all "Production Monthly" permit holders for 2023 water production
 - Invoiced at "Permit Annual" permit holders for 2024 permitted production
 - Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases
 - Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database
 - ArcGIS map/data program updating of exempt well locations and well data
