General Business:

- Continued collecting monitoring well water level data and verifying DFC water level measurements throughout May
- Began the weekly/bi-weekly water level data collection on the Simsboro well subset within five (5) miles of the proposed UWBVF pumping project
- Continued to obtain base information on additional Simsboro wells identified within the boundaries of Robertson County and added to the existing mitigation list.
- Continued to measure selected Simsboro wells and obtain weekly static water level data from seven (7) recorder wells
- Completed collection of all 2025 invoices (All categories) excepting those invoices sent monthly
- Invoiced 2025 invoices (monthly) June 2, 2025
- Check all registered exempt well files for transfers of ownership creating new certificates and mailing to proper owner
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion notification occurred (submission of driller's log)
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database
- Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases
- Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database
- ArcGIS map/data program updating of exempt well locations and well data
