- Hired Kathleen (Kathy) Polzer August 25, 2025, as the Educational & Conservation Outreach Coordinator

General Business:

- Worked with Halff Associates to design and fully build out the mitigation layer of the District database in anticipation of mitigation beginning in 2026
- Worked with Halff Associates to absorb and incorporate the BVWaterSmart application now administered by Texas A&M University into the Halff Associates platform by December 31, 2025, as an application to be managed by the District
- Worked with several entities on performing a socioeconomic impact study related to the inability to increase the Desired Future Condition in the Simsboro Aquifer and its impact on District and regional stakeholders
- Continued collecting monitoring well water level data and verifying DFC water level measurements throughout May
- Began the weekly/bi-weekly water level data collection on the Simsboro well subset within five (5) miles of the proposed UWBVF pumping project
- Continued to obtain base information on additional Simsboro wells identified within the boundaries of Robertson County and added to the existing mitigation list.
- Continued to measure selected Simsboro wells and obtain weekly static water level data from seven (7) recorder wells
- Invoiced 2024 invoices (monthly) August 1, 2025
- Invoiced 2025 invoices (monthly) August 1, 2025
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion notification occurred (submission of driller's log)
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database
- Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases
- Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database
- ArcGIS map/data program updating of exempt well locations and well data

Upcoming Meetings/Activities:

- Meet with C.C. Lynch & Signal Fire representatives related to equipment and communication platform for current and future continuous water level measuring devices September 16, 2025
- Meet with West Water Research representatives in the District Office September 16, 2025
- 7th grade presentations/water lab begin September 18, 2025
- Texas Rainmaker Dinner in Austin, Texas September 30, 2025
- Fazzino Investments LP v. BVGCD – June 22, 2026 – Waco, Texas
