Item 3 – District Water Conservation Plan Review & Re-adoption

The Board is required through the District Management Plan to:

- Annually review of the District Water Conservation Plan, make any suggested revisions, and re-adopt the plan

Following District Staff and Education/Conservation Committee review of the District Water Conservation Plan (DWCP), no revisions are suggested for Board consideration.

A copy of the currently adopted District Water Conservation Plan is available in the District File Browser.

It is the recommendation of the Education & Conservation Committee members and General Manager that the District Water Conservation Plan be re-adopted with no revisions.
