

BVGCD Management Plan Objectives  
October, 2015

| Goal/Objective  | Performance Standard  | Status  |
|---|---|---|
| 1a: Permitting of all existing and new non- exempt wells constructed in the District. Encourage registration of exempt wells. | The number of new non-exempt wells permitted in the District.                                 | 3 permitted –October, 2015<br><b>Total 2015</b> - D/O- 45   |
|   | The number of exempt wells registered in the District.  | 13 exempt wells registered (6-Brazos, 7-Robertson, 0-O/G)<br><b>Total-2015</b> (33-Brazos, 31-Robertson, 443-O/G)   |
| 1b: Regulation of groundwater production by permitted well through metering.  | Number of applications made for permitted use.  | 3applications – October, 2015<br><b>Total 2015</b> – 45   |
|   | Type of application made for permitted use.   | 3 applications –October, 2015<br>3 – Industrial<br><b>Total 2015</b> - Industrial – 33; Agricultural Use – 11;<br>1 – RPWS  |
|   | Number of permits issued by the District.   | 3 issued – October, 2015<br><b>Total 2015</b> – 45  |
|   | Type of permit issued by the District.  | 45 permits issued through December, 2015<br><b>Total 2015</b> – Industrial – 33; Agricultural Use – 11;<br>1 – RPWS   |
|   | Amount of groundwater permitted (acre ft.)  | 302 ac/ft. groundwater permitted – October, 2015<br>Total GW permitted (2015) – 3,327.79 ac-ft.<br><b>Total 2015</b> –Calvert Bluff - 52.6 ac-ft.; Queen City – 452.68 ac-ft.; Simsboro - 130 ac-ft.; Yegua-Jackson – 183 ac-ft.; Hooper – 145.51 ac-ft.; BRA – 1,753 ac-ft.; Carrizo – 1 ac-ft.; Sparta – 610 ac-ft. |
|   | Amount of actual annual production from each metered well as compared to permitted production | Spreadsheet of total actual production for each metered well (by aquifer) compared to permitted amount of production will be included in the 2015 Annual Report   |
| 1c: Assessment of available groundwater (by aquifer) using monitoring data collected (water levels/water use/water quality)   | Number of wells in well monitoring network.   | 180 wells   |
|   | Major aquifer wells monitored.  | 101 (Carrizo-Wilcox group)  |
|   | Minor aquifer wells monitored.  | 79 (Queen City/Sparta/Yegua-Jackson/BRA)  |
|   | Water quality tests by aquifer.   | 2 tests<br>Total 2015 – 3   |

BVGCD Management Plan Objectives  
October, 2015

|  |   |   |
|--|---|---|
|  | Progress Report of groundwater availability.  | Permitted production vs. actual production provided at each permit hearing.   |
| 2a: Water use fees to encourage conservation oriented use.                       | Amount of fees generated (Historic/Non-Exempt Operating)  | <b>Fees collected 2015</b> - \$540,579.33   |
|  | Amount of fees generated by Agricultural Use permits  | <b>Total invoiced 2015</b> - \$2,906.56<br><b>Fees collected 2015</b> - \$2,906.56  |
|  | Amount of fees generated by Historic/Non Exempt Industrial Operating Permits  | \$1,925.70 invoiced for October, 2014<br><b>Total invoiced 2015</b> - \$76,974.89   |
|  | Amount of fees generated by Historic/Non Exempt Municipal Public Water Supply permits   | \$40,596.26 invoiced for October, 2014<br><b>Total invoiced 2015</b> - \$405,962.60   |
|  | Amount of fees generated by Historic/Non Exempt Rural Water Supply Permits  | \$5,510.89 invoiced for October, 2014<br><b>Total invoiced 2015</b> - \$55,108.90   |
|  | Amount of fees generated by Steam Electric Generation   | <b>Total invoiced 2015</b> - \$1,318.06<br><b>Fees collected 2015</b> - \$1,318.06  |
|  | Amount of fees generated by transport fees  | <b>Total invoiced 2015</b> \$0.00<br><b>Fees collected 2015</b> - \$0.00  |
|  | Amount of fees generated by BRA fees for 2012   | \$0.00 invoiced for 2015<br><b>Total invoiced 2015</b> - \$0.00<br><b>Fees collected 2015</b> - \$637.04  |
| 2b: Review District Rules to decrease amount of waste.                           | Annual review of rules for possible amendments addressing reduction of waste.   | Board continues to work on water reduction plan 1/5/15, 3/26/15, 4/30/15, 5/28/15, 6/11/15, 9/15/15 committee meetings. All Board Workshop on reduction plan 10-8-15.   |
| 2c: Provide information to public and schools on eliminating wasteful practices. | Website page dedicated to wise use of water.  | District website contains a conservation page dedicated to the wise use of water.   |
|  | Provide water curriculum to local schools and in-school presentations encouraging wise use of water and the significance of aquifers. | 100 copies to Franklin Elementary 5 <sup>th</sup> grade 4-27-15<br>Taught aquifer science/water conservation to 110 4 <sup>th</sup> grade students at South Knoll Elem. 2-25-15; 140 4 <sup>th</sup> at Southwood Elem. 3-10 & 3-11-15; 150 4 <sup>th</sup> at Creekview Elem. 3-26-15; 9 5 <sup>th</sup> at Calvert Elem. 3-30-15; 150 4 <sup>th</sup> @ College Hills Elem. 4-1 & 4-2-15; 450 7 <sup>th</sup> grade at AMCons. Int. 4-14, 4-16, & 4-17-15; 90 5 <sup>th</sup> grade @ Franklin Elementary 4-27-15; 15 4 <sup>th</sup> grade @ St. Joseph's Catholic 5-15-15; 75 5 <sup>th</sup> grade @ Hearne Elem. 5-18-15; 42 5 <sup>th</sup> grade @ Mumford Elem. 5-26-15. 38 4 <sup>th</sup> grade @ Sul Ross Elem. 10-9- |

BVGCD Management Plan Objectives  
October, 2015

|  |   |   |
|--|---|---|
|  |   | 15; 88 4 <sup>th</sup> grade @ Branch Elem. 10-13-15; 66 4 <sup>th</sup> grade @ Fannin Elem. 10-14-15; 90 4 <sup>th</sup> grade @ Henderson Elem. 10-16-15; 135 4 <sup>th</sup> grade @ Bonham Elem. 10-19 & 10-20-15; 66 4 <sup>th</sup> grade @ Johnson Elem. 11-2, 11-3, 11-5-15; 35 3 <sup>rd</sup> grade @ Brazos Christian School 11-5-15; Distributed Major Rivers curriculum to 26 elementary schools in both Brazos & Robertson counties. |
| 3a: Encourage use of surface water supplies to meet needs of user groups in the District   | Attend Regional Water Planning Group Meeting (minimum of 1 meeting/year).     | GM attended the Brazos G RWPG: <ul style="list-style-type: none"> <li>• 1-7-15</li> <li>• 3-4-15</li> <li>• 4-15-15</li> <li>• 8-5-15</li> </ul>  |
| 4a: Determine if natural spring flows may be impacted by increased groundwater pumping.  | Springs found in District.  | Identified 1 new spring at the Franklin ISD Community Park.   |
|  | Monitoring wells established when spring flows found.                         | Franklin Ranch wells will be established over the next two months.  |
| 5a: Palmer Drought Severity Index (PDSI) will be provided to Board members monthly.  | Monthly assessment of drought conditions impacting Drought Contingency Plan.  | Current 2015 PDSI/Crop Moisture Index/State Drought Monitor/U.S. Seasonal Drought Outlook attached. Website drought maps updated weekly.  |
|  | Plan triggers.  | See District Drought Contingency Plan adopted November 8, 2012. Plan reviewed September, 2015 with no revisions.  |
| 5b: 100% of permittees required by the State of Texas to submit Drought Contingency Plans will submit such plans when applying for a permit for well production. | Review 100% of DCP's when a severe drought condition is reached as per PDSI.  | 1 reviewed. All DCP's are reviewed upon application regardless of drought conditions as per PDSI.   |
|  | Date severe drought condition reached.  | N/A   |
|  | Number of DCP's to be reviewed.   | 1 reviewed  |
| 5c: Develop a District Drought Contingency Plan (adopted 11-4-10).   | Review for effectiveness and updates annually.                                | Reviewed, revised and adopted November 8, 2012. DDCP reviewed September, 2015 with no revisions.  |
| 6a: 100% of water permit applicants will submit a water conservation plan or agree to comply with the District Water Conservation Plan.                          | Number of permits for production received requiring water conservation plans. | 3 permits received – October, 2015<br><b>Total for 2015 – 45 permits received</b>   |

|   | Queen City  | Number of Monitoring Wells/Number                  | 6 wells/1 monitored<br>45 readings  |
|   | Simsboro  | Number of Monitoring Wells/Number                  | 65 wells/1 monitored<br>338 readings  |
|   | Sparta  | Number of Monitoring Wells/Number                  | 21 wells/2 monitored<br>129 readings  |
|   | Yegua-Jackson   | Number of Monitoring Wells/Number                  | 13 wells/1 monitored<br>62 readings   |
|   |   | Total number of well year-to-date monitor readings | 961 combined readings for all aquifers January through December, 2015           |
| 6c: Assist in obtaining grant funds for the implementation of water conservation methods. | Number of meetings held with State Agencies                                   |  | 1 - GM attended TWDB webinar on Agricultural grants 2-3-15.                     |
|   | Number of meetings held with Federal Agencies                                 |  | 1 – GM attended NRCS Local Working Group Workshop in Franklin 6-15-15.          |
|   | Number of meetings of the Water Conservation Grant subcommittee               |  | 0   |
|   | Number of water conservation grant applications received                      |  | 0   |

BVGCD Management Plan Objectives  
October, 2015

|  |   |   |
|--|---|---|
|  | Number of water conservation grants approved by Board of Directors  | 3 – The City of College Station, City of Bryan, and Wickson Creek SUD were granted funds (\$39,500) by the BVGCD to maintain ET weather stations, remote rain gauges, and a website to inform public on lawn irrigation recommendations (2015).   |
| 7a: Develop baseline water quality data and a system for continued evaluation of groundwater quality.  | Water quality tests conducted   | Long term water quality reports taken by the TWDB compiled by LBG-Guyton. Will be summarized for Board use. BVGCD water quality information made available from TWDB will be incorporated into the inactive ArcGIS web portal.  |
| 7b: Require all water permittees that are subject to well vulnerability studies prior to constructing a well to provide evidence of the study to the District prior to construction. | Number of wells requiring well vulnerability studies.   | 0   |
|  | Number of well vulnerability studies received.  | 0   |
|  | Well plugging efforts*  |   |
|  | Number of water Permittees provided with wellhead protection information. Conduct in-school presentation addressing aquifer contamination and protection. | All well owners (exempt and non-exempt) that have drilled, permitted, or registered a well on or after January 1, 2014 were sent 2 information sheets detailing new owner responsibilities and well head protection information. All subsequent new well or newly registered well owners are provided the same well head protection brochures. Taught aquifer protection to 110 4 <sup>th</sup> grade students at South Knoll Elem. 2-25-15, 140 4 <sup>th</sup> at Southwood Elem. 3-10 & 3-11-15, 150 4 <sup>th</sup> at Creekview Elem. 3-26-15, 9 5 <sup>th</sup> at Calvert Elem. 3-30-15, 150 4 <sup>th</sup> @ College Hills Elem. 4-1 & 4-2-15; 450 7 <sup>th</sup> grade at AMCons. Int. 4-14, 4-16, & 4-17-15; 90 5 <sup>th</sup> grade @ Franklin Elementary 4-27-15; 15 4 <sup>th</sup> grade @ St. Joseph's Catholic 5-15-15; 75 5 <sup>th</sup> grade @ Hearne Elem. 5-18-15; 42 5 <sup>th</sup> grade @ Mumford Elem. 5-26-15; 38 4 <sup>th</sup> grade @ Sul Ross Elem. 10-9-15; 88 4 <sup>th</sup> grade @ Branch Elem. 10-13-15; 66 4 <sup>th</sup> grade @ Fannin Elem. 10-14-15; 90 4 <sup>th</sup> |
