- Attend GMA 12 regional planning meeting in Milano, Texas Thursday, March 24, 2016.
- Model aquifer presentation emphasizing the water cycle, aquifer characteristics, water conservation, and aquifer protection to 55 Spring Creek Elementary 4th grade students March 30, 2016 in College Station, Texas.
- Met with Halcon Resources representatives to discuss the possible plugging of abandoned oil wells for use as static water level measurement wells by the District on March 31, 2016 in College Station, Texas.
- Model aquifer presentation emphasizing the water cycle, aquifer characteristics, water conservation, and aquifer protection to 60 Creek View Elementary 4th grade students April 1, 2016 in College Station, Texas.
- Model aquifer presentation emphasizing watersheds, aquifer characteristics, water conservation, point/non-point contamination and aquifer protection to 475 A&M Consolidated Middle School 7th grade students April 4, 5 & 7, 2016 in College Station, Texas.
- Model aquifer presentation emphasizing the water cycle, aquifer characteristics, water conservation, and aquifer protection to 60 Creek View Elementary 4th grade students April 8, 2016 in College Station, Texas.
• Model aquifer presentation emphasizing the water cycle, aquifer characteristics, water conservation, and aquifer protection to 120 Forest Ridge Elementary 4th grade students April 13-14, 2016 in College Station, Texas.

General Business:

• Billed entities with metered wells based on 2015 water production.
• Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database.
• ArcGIS map/data program updating of exempt well locations and well data.

Upcoming Meetings

• Model aquifer presentation emphasizing watersheds, aquifer characteristics, water conservation, point/non-point contamination and aquifer protection to College Station Middle School 7th grade students April 18-22, 2016 in College Station, Texas.
• Model aquifer presentation emphasizing the water cycle, aquifer characteristics, water conservation, and aquifer protection to St. Joseph’s Catholic School 4th grade students April 28, 2016 in Bryan, Texas.
• Model aquifer presentation emphasizing the water cycle, aquifer characteristics, water conservation, and aquifer protection to Franklin Elementary 5th grade students April 29, 2016 in Franklin, Texas.
