

## **Item 5 – Summary of Public Comments /Proposed Actions for GMA 12**

Texas Water Code §36.108(d-2) states: "After the public hearing, the district shall compile for consideration at the next joint planning meeting a summary of relevant comments received, any suggested revisions to the proposed desired future conditions, and the basis for the revisions". Brazos Valley GCD received two written comments during the comment period; (1) Cathy Lazarus (Hopper MAG comment), and (2) City of Bryan (Simsboro DFC comments). LBG-Guyton was asked to summarize the comments because both addressed hydrological modeling.

Located in File Browser folders 4b and 4c are the full comments by both Cathy Lazarus and the City of Bryan. John Seifert summarized the comments and has presented the comments to Board with no suggested revisions to the adopted proposed desired future conditions. The General Manager has conferred with LBG-Guyton on the comments received and concurs that no revisions are necessary when presented to GMA 12.

**It is the recommendation by the General Manager that the summarized relevant public comments be presented at the next GMA 12 meeting suggesting no revisions to the adopted proposed desired future conditions.**
