

Item 6 – Review of District Drought Contingency Plan

The Education/Conservation Committee met on July 10, 2017 to review the District Drought Contingency Plan, as per the District Management Plan, for the purpose of identifying and recommending revisions, if needed. The committee found no portions of the plan they felt needed revisions.

The committee recommends no revisions to the District Drought Contingency Plan at this time. No action by the Board is necessary if the recommendation of the committee is accepted.
