

Worksheet for an amendment to Operating Permits

Danny Dover – Well #1 & #2

BVOP-0295 & BVOP-0296

Danny Dover seeks an amendment two (2) Operating permits for the purpose of:

- **Agricultural Use – Irrigation of 320 acres field crops**

Existing Wells:

Well #1 (BVOP-0295) – Located at: N 30.905864° W 96.488838° 1.00 mile NE of the intersection of FM 391 and Jones Orchard Road in Robertson County

Well #2 (BVOP-0296) – Located at: N 30.903009° W 96.495995° 0.62 miles NNE of the intersection of FM 391 and Jones Orchard Road in Robertson County

**** (Information is the same for both wells)*

Tract Size: **320 acres**

Beneficial Use: **Agricultural**

Aquifer of Origin: **Queen City**

Date Drilled: **5/31/2013 – (Well #1)**

12/18/2012 – (Well #2)

Well Depth: **300' – (Well #1)**

320' – (Well #2)

Well Column: **6" – (Well #1)**

4" – (Well #2)

Rate of Production: **125 gpm – (Well #1)**

70 gpm – (Well #2)

Max. Annual Production: **150 acre feet/year – (Well #1)**

100 acre feet/year – (Well #2)

Permit holder seeks to lengthen permit term on both permits from one (1) year to five (5) years.

It is the recommendation of the General Manager that both permits be amended lengthening the permit term from one (1) year to five (5) years.

Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District

This **Operating Permit** is granted to **Danny Dover** (Permittee) authorizing the Permittee to operate a water well known as **Well #1** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Agricultural** use. Permittee is authorized to operate the Well located at **N 30.905864° and W 96.488838°** to produce water from the **Queen City Aquifer** at an annual maximum capacity not to exceed **125 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of June 11, 2018. This permit was amended July 11, 2018 lengthening the permit term from one (1) year to five (5) years.

Special Provisions/Notes: None

Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District

This **Operating Permit** is granted to **Danny Dover** (Permittee) authorizing the Permittee to operate a water well known as **Well #2** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Agricultural** use. Permittee is authorized to operate the Well located at **N 30.903009° and W 96.495995°** to produce water from the **Queen City Aquifer** at an annual maximum capacity not to exceed **70 GPM** and a maximum annual production of **100 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of June 11, 2018. This permit was amended July 11, 2018 lengthening the permit term from one (1) year to five (5) years.

Special Provisions/Notes: None

Worksheet for an Operating Permit

Danny Dover Well #1

BVOP-0295

Danny Dover seeks an Operating Permit for the purpose of:

- **Agricultural Irrigation - 320 acres hay pasture**

Existing Well #1

Located at: N 30.905864° W 96.488838° 1.00 miles NE of the intersection of FM 391 and Jones Orchard Road in Robertson County

Beneficial Use: **Agricultural**

Aquifer of Origin: **Queen City**

Well Depth: **300'**

Well Column: **6"**

Tract Size: Approximately 320 acres

Rate of Production: **125 gpm**

Max. Annual Production: **150 acre feet/year.**

Application is administratively complete.

The permit was issued by the General Manager on 6-11-18 pursuant to District Rule 8.3(j).

Worksheet for an Operating Permit

Danny Dover Well #2

BVOP-0296

Danny Dover seeks an Operating Permit for the purpose of:

- **Agricultural Irrigation - 320 acres hay pasture**

Existing Well #2

Located at: N 30.903009° W 96.495995° 0.62 miles NNE of the intersection of FM 391 and Jones Orchard Road in Robertson County

Beneficial Use: **Agricultural**

Aquifer of Origin: **Queen City**

Well Depth: **320'**

Well Column: **4"**

Tract Size: Approximately **320 acres**

Rate of Production: **70 gpm**

Max. Annual Production: **100 acre feet/year.**

Application is administratively complete.

The permit was issued by the General Manager on 6-11-18 pursuant to District Rule 8.3(j).
