

Item 6 – Review of District Drought Contingency Plan

The Education/Conservation Committee met on August 6, 2018 to review the District Drought Contingency Plan, as per the District Management Plan, for the purpose of identifying and recommending revisions, if needed. The committee found no portions of the plan they felt needed revisions.

The committee and General Manager recommend no revisions to the District Drought Contingency Plan at this time. No action by the Board is necessary if the recommendation of the committee is accepted.
