

Worksheet for an Amendment to Operating Permits

Union Pacific Railroad – (BVOP-0230, BVOP-0231, BVOP-0232, BVOP-0233, BVOP-0234, BVOP-0235, BVOP-0236, BVOP-0237, BVOP-0238, BVOP-0264, BVOP-0284, BVOP-0285)

Union Pacific Railroad seeks to amend the following Operating permits to extend the permit term from one (1) year to five (5) years:

Permitted Wells:

- **One (1) existing permit for Union Pacific Railroad – Mumford 5 (BVOP-0230)**
located at N 30.749433° W 96.582923° 1.51 miles SSW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 6 (BVOP-0231)**
located at N 30.750201° W 96.581035° 1.49 miles SSW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 18 (BVOP-0232)**
located at N 30.758128° W 96.585815° 1.02 miles SW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 19 (BVOP-0233)**
located at N 30.758952° W 96.586898° 1.10 miles SW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 22 (BVOP-0234)**
located at N 30.765291° W 96.587653° 0.81 miles WSW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 23 (BVOP-0235)**
located at N 30.766459° W 96.586217° 0.70 miles WSW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 25 (BVOP-0236)**
located at N 30.767230° W 96.592895° 1.05 miles WSW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 69 (BVOP-0237)**
located at N 30.839957° W 96.636555° 0.42 miles NW of the intersection of FM 1644 and US Hwy 79 in Robertson County.

- **One (1) existing permit for Union Pacific Railroad – Mumford 29 (BVOP-0238)**
located at N 30.77092038° W 96.59162335° 0.95 miles W of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 107 (BVOP-0264)**
located at N 30.755540° W 96.590250° 1.37 miles SW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 91 (BVOP-0284)**
located at N 30.755540° W 96.590250° 1.89 miles WNW of the intersection of Watts Lane and FM 50 in Robertson County.
- **One (1) existing permit for Union Pacific Railroad – Mumford 92 (BVOP-0285)**
located at N 30.79505858° W 96.60353334° 2.35 miles NW of the intersection of Watts Lane and FM 50 in Robertson County.

Beneficial Use: **Industrial** (All wells)

Aquifer of Origin: **Brazos River Alluvium** (All wells)

Well Column: **16”** (All wells)

Max. Annual Production: **150 acre-feet/year** (Each well)

The permit holder is requesting to extend the permit term on all of the above listed wells from one (1) year to five (5) years.

It is the recommendation by the General Manager to approve the amendments to the listed Union Pacific Railroad Operating permits as presented.

Permit No. BVOP-0230

Operating Permit Issued By Direction of the Board of Directors of the Brazos Valley Groundwater Conservation District

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 5** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.749433° and W 96.581035°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 14, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0231

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 6** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.750201° and W 96.582923°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 14, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0232

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 18** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.758952° and W 96.585815°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 14, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0233

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 19** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.758128° and W 96.586898°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 14, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0234

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 22** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.765291° and W 96.587653°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 14, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0235

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 23** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.766459° and W 96.586217°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 14, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0236

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 25** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.767230° and W 96.592895°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 14, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0237

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 69** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.839957° and W 96.636555°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 14, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0238

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 29** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.770955° and W 96.591583°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of October 21, 2015. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0264

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 107** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.755540° and W 96.590250°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **700 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of January 20, 2017. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0284

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 91** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.782826° and W 96.604227°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 1, 2017. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None

Permit No. BVOP-0285

**Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District**

This **Operating Permit** is granted to **Union Pacific Railroad** (Permittee) authorizing the Permittee to operate a water well known as **Mumford 92** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Industrial** use. Permittee is authorized to operate the Well located at **N 30.795055° and W 96.603542°** to produce water from the **Brazos River Alluvium Aquifer** at an annual maximum capacity not to exceed **500 GPM** and a maximum annual production of **150 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of September 1, 2017. This permit was amended extending the permit term from one (1) year to five (5) years August 5, 2021.

Special Provisions/Notes: None
