

Well Column: **To Be Determined** (all wells)

Rate of Production: **Well 1** **1,400 gpm**
 Well 2 **1,400 gpm**
 Well 3 **1,400 gpm**
 Well 4 **1,400 gpm**
 Well 5 **1,700 gpm**
 Well 6 **1,800 gpm**

Max. Annual Production: **Well 1** **1,806 acre feet/yr**
 Well 2 **1,806 acre feet/yr**
 Well 3 **1,806 acre feet/yr**
 Well 4 **1,806 acre feet/yr**
 Well 5 **2,323 acre feet/yr**
 Well 6 **2,323 acre feet/yr**

This application meets all of the specifications listed in BVGCD Rule 7.1 (c) regarding production-based acreage. Below is the formula used to calculate and verify the applicant's compliance and was applied to each of the wells listed below:

Formula

acre feet/year x .62 = gpm on an average annual basis

Annual Average gpm x 1'/gpm for Simsboro wells = radius from the wellhead

radius x radius x 3.14 = square feet around the well

Square feet around well/43,560 = **contiguous acres to be assigned to the well.**

Well	Acre feet/year	Contiguous Acres Assigned
Well 1	1806	90.38
Well 2	1806	90.38
Well 3	1806	90.38
Well 4	1806	90.38
Well 5	2323	149.53
Well 6	2323	149.53

These are multi-use permits for Agricultural, Industrial, Commercial, Municipal, and Public Water Supply uses. Each well will be metered separately. The purpose of use from each well will be metered and reported separately.

The footprint of each of the wells lies entirely within the property controlled by the applicant.

This application is administratively complete.

It is the recommendation of the General Manager to approve the twelve (12) permits as presented.

Permit No. BVDO-0335

Operating Permit Issued By Direction of the Board of Directors of the Brazos Valley Groundwater Conservation District

This **Operating Permit** is granted to **High Timber Resources, LP** (Permittee) authorizing the Permittee to operate a water well, known as **Well 1** ("Well"), at the location specified below, within the Brazos Valley Groundwater Conservation District (District), for the beneficial purpose of producing water for **Agricultural, Industrial, Commercial, Municipal, and Public Water Supply** uses. Permittee is authorized to operate the Well located at **N 31.064429° and W 96.644738°** to produce water from the **Simsboro Aquifer** at an annual maximum capacity not to exceed **1,400 GPM** and a maximum annual production of **1,806 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of July 13, 2023.

Special Provisions/Notes:

This is a multi-use permit for Agricultural, Industrial, Commercial, Municipal, and Public Water Supply uses. Purpose of use will be metered and reported separately. Purpose of use will be metered and reported separately.
