July 05, 2023

To Whom It May Concern:

I Sandra Gallagher Jones reside at **7134 Sunnyside Road, Calvert TX 77837, also known as County Road 123.**

This letter is in protest to the permit applications for the 31 wells that would be affecting the water for my well. My well gets its source from the Simsboro Aquifer. I own my property and it is my understanding the water beneath my property is also mine. If this permit application is approved this will affect me and the surrounding properties. I do not have access to public water.

So, I am stating on record that **I protest the drilling of the wells in the Robertson County area.**

Thank you,

Sandra Gallagher Jones
