- Attended (Alan) TAGD Legislative Committee meeting (virtual) May 30, 2024
- Attended (Alan) Public Investment Act Training June 6, 2024 @ the TAGD Business meeting in Round Rock, Texas
- Attended (Alan) TAGD Summer Business meeting in Round Rock, Texas June 6-7, 2024
- Attended (Alan) virtual meeting of panelist for the Post Oak Savannah GCD Groundwater Summit June 21, 2024
- Attended (Alan) virtual TWCA Reservoir Exemption Subcommittee meeting June 27, 2024
- Meeting (Alan) with Dr. Joe Yelderian and students on particulars of the groundwater/surface water inaction study (District Office & field work)

General Business:

- Worked on (Megan) resolving issues with the wireless rain gauge located at Wickson Creek SUD Well #4
- Worked on (Megan) assisting well owners with meters to get certification of meters completed in a timely manner
- District staff in the field identifying wells for mitigation throughout the months of May & June 2024

- Collection of static water level data from Simsboro wells currently on the mitigation list
- Began collecting Simsboro water level measurements in designated mitigation monitoring wells prior to lawn & crop irrigation season
- Continued to obtain base information on additional Simsboro wells identified within the boundaries of Robertson County and added to the existing mitigation list.
- Added two (5) new Simsboro recorder wells to buttress the water level data being compiled
- Continued to measure selected Simsboro wells and obtain weekly static water level data from seven (7) recorder wells
- Staff (Alan & John) continued identifying wells within the likely zone to be affected by the UW Brazos Valley Farm, LLC future pumping project obtaining elevation, static water level, well construction information, pump size, and GPS coordinates
- Continued creating, updating, and refining the well mitigation spreadsheet for wells likely impacted by the UW Brazos Valley Farm, LLC future pumping project (286 Simsboro identified to date)
- Check all registered exempt well files for transfers of ownership creating new certificates and mailing to proper owner
- Continued work identifying, incorporating, and measuring water levels in identified monitoring wells in the Carrizo, Calvert Bluff, Queen City, and Simsboro aquifers
- Completed exempt wells in Brazos and Robertson counties were geo-tagged, photographed, and an inspection of surface completion conducted as completion notification occurred (submission of driller's log)
- Mailed all Certificates of Registration to well owners with recently located wells found in the TCEQ archived water well log database
- Invoiced all "Production Monthly" permit holders for 2023 water production
- Continued locating wells based of archived well logs housed in the TCEQ and TWDB databases
- Non-exempt permit holders continue to report monthly water production directly to the ArcGIS database
- ArcGIS map/data program updating of exempt well locations and well data

Upcoming Meetings/Activities:
