

**Worksheet for Amendment of BVDO-0124  
Well #1**

Permit issued to: Cottages of College Station (now Homestead U)

Permit issue date: September 1, 2011

Location: 0.19 miles SSE of the intersection of FM 2818 and Holleman Drive S in Brazos County

Coordinates: N 30.584190° W 96.336388°

Aquifer: Yegua-Jackson

Permitted production: 22 acre feet/year

Maximum Capacity: 50 gpm

Beneficial use: Industrial Use

Amendment needed:

- Increase the maximum annual production an additional 18 acre feet/year. The permit holder has exceeded production limits in each of the past two years. Water needs will stay at a higher level than the current permit allows for the foreseeable future.
- The permit holder has received permission from the City of College Station to exceed the permit holder's property line to obtain the extra water for the permit.
- Total permitted maximum annual production from the well will be 40 acre feet/year.

**Application is administratively complete. It is the recommendation by the General Manager to approve the permit amendment.**

PO Box 528  
Hearne, TX 77859

8 February 2016

Dear Mr. Day:

The City of College Station agrees with the modification of well permit BVDO-0124, for up to 50 acre feet/year. This shallow well is used by Homestead U. for irrigation, which reduces demands on the City's potable water system. Please contact me if you have any questions.

Sincerely,

David M. Coleman, P.E.  
Director, Water Services Dept.
