

Worksheet for an Amendment to an Operating Permit

John Sharp Well #1

Jerry Wall seeks an amendment to an Operating Permit (BVDO-0156) for the purpose of:

- **Adding Agricultural Use to the existing Industrial Use permit**

Existing Well #1

Located at: N 30.81126336° W 96.21197669° 0.96 miles SE of the intersection of Kurten Lane and Texas Hwy 21 in Brazos County.

Beneficial Use: **Agricultural**

Aquifer of Origin: **Sparta**

Well Column: **6"**

Rate of Production: **130 gpm**

Max. Annual Production: **200 acre feet/year/well**

The permit holder is requesting an amendment to the existing Industrial Use permit adding Agricultural as a dual use. No additional water production is being requested.

Application is administratively complete.

It is the recommendation of the General Manager that the permit amendment be approved.

Operating Permit
Issued By Direction of the Board of Directors of the
Brazos Valley Groundwater Conservation District

This **Operating Permit** is granted to **John Sharp** (Permittee) authorizing the Permittee to operate a water well known as **Well #1** ("Well") at the location specified below within the Brazos Valley Groundwater Conservation District (District) for the beneficial purpose of producing water for **Agricultural and Industrial** use. Permittee is authorized to operate the Well located at **N 30.811263° and W 96.211977°** to produce water from the **Sparta Aquifer** at an annual maximum capacity not to exceed **130 GPM** and a maximum annual production of **200 acre feet/year**.

Operating Permit Term:

- (a) An operating and drilling permit for a well or well site will automatically expire within three years from its issuance if the permitted well(s) has not been completed or is not significantly under development.
- (b) Unless specified otherwise by the Board or these Rules, operating permits are effective for five-year terms. At the end of each five-year term, the permit shall be renewed by the Board for an additional five-year term, upon submittal of a permit renewal application by the permit holder that provides adequate evidence of continued beneficial use for the permitted amount of water withdrawal. The District shall send notices to permit holders that contain the permit renewal applications, prior to permit expirations.
- (c) The District may amend or revoke an operating permit at any time if there is evidence of:
 - (1) the owner or operator of the well or well system has operated in violation of their permit, District Rules, or Chapter 36 of the Texas Water Code; or
 - (2) a change in the permit is required to prevent waste and achieve water conservation, minimize as far as practicable the drawdown of the water table or reduction of artesian pressure, lessen interference between wells, or control and prevent subsidence; or
 - (3) The permitted well(s) has not been completed, is not significantly under construction; or no significant progress is being made toward construction.

This permit is issued and effective as of August 14, 2014. This permit was amended adding agricultural use on February 9, 2017.

Special Provisions/Notes:

This is a dual use permit for both agricultural and industrial uses. Purpose of use will be separately reported and metered.
