

**RULE 1.1. DEFINITIONS OF TERMS**

- (15) “Existing Well” means a groundwater well within the District’s boundaries, for which drilling or significant development of the well commenced before the effective date of ~~these Rules~~ the District’s rules on December 2, 2004.

**RULE 6.2. EXCEPTIONS TO SPACING REQUIREMENTS**

- (f) Well spacing of new non-exempt wells completed in the District are exempted from complying with Rule 6.1(b)(2),(3) from permitted wells, to the extent that the spacing does not allow the new well owner to produce their Production Based Acreage under Rules 7.1(c).

**RULE 7.1. MAXIMUM ALLOWABLE PRODUCTION**

- (c) \*\*\*

This provision applies to new wells in the Simsboro aquifer that did not meet the definition of an existing well as of December 2, 2004.

This provision applies to permit applications for new wells to be drilled in the Queen City, Sparta, Yegua-Jackson, Calvert Bluff, Carrizo, ~~Simsboro~~ and Hooper aquifers that are deemed to be administratively complete after May 9, 2013.
