

Item 6 – Amendment to 2017 District Budget

Amending the 2017 District Operating budget was placed on the agenda in case Item 5 (grant proposal by the Soil & Water Conservation districts representing Brazos and Robertson counties) was approved by the Board.

If Item 5 is approved, we will need to amend the 2017 budget by adding an additional \$8,200 into the Grant Program line item. This will bring the total budgeted amount for the Grant Program to \$60,200.

If the grant proposal is approved, it is the recommendation of the General Manager to amend the 2017 District Operating budget by adding \$8,200 to the Grant Program line item.
